## PRESS RELEASE

**Date:** November 5, 2025

**Case number:** N20253155

**Involved Person(s):** 41-year-old Jeffery Allen Hill, a transient

**Event:** Arrest Made Following Extensive Property Damage to City Vehicles and Facilities

North Bend, OR – Early this morning, at approximately 5:30 a.m., officers from the North Bend Police Department responded to reports of a man causing significant property damage near City Hall. A concerned citizen witnessed the incident in progress and promptly notified police.

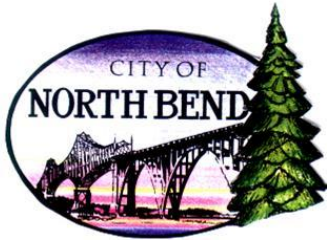

Officers quickly arrived on scene and located **41-year-old Jeffery Allen Hill**, a **transient**, who was still in the area. Hill was taken into custody without further incident and **transported to the Coos County Jail**.

Hill faces **six counts of Criminal Mischief in the First Degree** and **three counts of Criminal Mischief in the Second Degree** after allegedly damaging **eight City-owned vehicles** and multiple **windows at the North Bend Public Works building**. The total amount of damage is still being assessed, and estimates are in the process of being obtained.

Hill is well-known to law enforcement, with **1,092 police contacts** recorded in the countywide shared database. Since **July 1, 2025**, he has been **arrested 31 times within the City of North Bend alone**.

All affected property belongs to the City of North Bend. While insurance claims will be pursued, it is ultimately the taxpayers who bear the impact of these repeated acts of vandalism. Unfortunately, this type of destructive and disorderly behavior has not only targeted City property but has also affected **local businesses, neighborhoods, and residents** who continue to deal with the disruption and damage caused by Hill's actions.

It is disheartening that the citizens of North Bend must repeatedly endure the consequences of one individual's disregard for the safety and wellbeing of our community.
